- This year we decided to be diligent about sending around agendas for the meetings we are attending to the PGSA executive, and sending report backs from meetings to the exec and to the Psych Grad listserve.

- **Campaigns ideas for upcoming year**

- Printer in grad lab + printing credit: Sara will look into first steps, possibly start a petition
- Coordinate with YUGSA on grad student concerns over Wellness Services - grad students want a counsellor, not a wellness manager. Wait times are excessively long. No one-on-one counselling offered.

- **Budget ideas for upcoming year**

- Breakfast drop-ins: a week in October with three drop in mornings for students where we offer coffee and light breakfast - Rotem and Sara
- Pub socials - Susannah
- Donation to legal fund for students facing reprisals
- Professional development workshops
- Funds for grad students going to conferences
